An aerial architectural rendering of a large-scale residential development. The layout features a dense grid of rectangular lots, each with a house. The houses are arranged in long, parallel rows, creating a sense of order and scale. Interspersed among the housing are green spaces, including parks and smaller landscaped areas. A prominent feature is a large, circular stadium with a red running track and a green field, located near the center of the development. The surrounding area includes roads, parking lots, and some existing infrastructure. The overall impression is one of a well-planned, modern housing community.
